INTRODUCTION 3
UNDERGRADUATE AGGREGATE DATA 5
UNITARY DATA 10
JOB PLACEMENT DATA 15
REFERENCE INFORMATION 15

INTRODUCTION

All Cal Grant participating institutions, or the systemwide central office of the public postsecondary educational institution acting on behalf of the participating institution, are required to report enrollment, persistence, and graduation data for all undergraduate students, disaggregated by gender, ethnicity, Pell Grant status, first generation status, transfer status, student parent status, foster youth status, and eligibility used of state financial aid received, including Cal Grant A, Cal Grant B, Cal Grant C, Cal Grant Access Awards, and Middle Class Scholarship, to the extent data is available, to the California Student Aid Commission (CSAC) annually. This requirement does not apply to students concurrently enrolled in K-12, or who are solely enrolled in basic skills instructional courses, remedial courses, English as a Second Language, or non-credit courses. Reporting should also be limited to those students who are full-time (who have on average attempted at least 24 semester or 36 quarter units for all years attended).

To the extent feasible, Cal Grant participating institutions, or the systemwide central office of the public postsecondary educational institution acting on behalf of the participating institution, may satisfy the reporting requirements of subparagraph (A) by submitting that data to the Cradle-to-Career Data System, and subsequently having the Cradle-to-Career Data System share the aggregated data with the commission, subject to privacy protection protocols that prevent redisclosure of individuals pursuant to clause (ii) of subparagraph (C) of paragraph (3) of subdivision (b) of Section 10867.

All Cal Grant participating institutions must also annually report the job placement rate and salary and wage information for each program that is either designed or advertised to lead to a particular type of job or advertised or promoted with a claim regarding job placement.

For information about the elements of the SB70 files, including instructions on how to upload the text files into WebGrants, see Data Reporting (Senate Bill 70) Overview.

FORMAT GUIDELINES

Institutions may submit either an Aggregate or Unitary file. All Aggregate or Unitary file types must be submitted in separate fixed field length text files that shall not exceed 25MB.

All files must adhere to the file name specifications, and the file name shall not exceed 32 characters including the file type extension. The chart below describes the naming conventions of the text files.

Example: SB70_AG_12345678_2024-25_F1.txt

Field Name	Length	Data Type	Description	Format
SB70	4	Char	Static Value	XXXX
File Type	2	Char	Static Value	XX

			AG = Aggregate UN = Unitary	
School ID	8	Integer	OPE ID - School Identifier	########
Academic Year	7	Integer	Academic Year	####-##
File Number	2	VarChar	File sequence number	F#

COHORT YEAR AND AGGREGATE COUNTS

Two-year institutions should report the 3-year outcome date for the most recently available cohort (the "base cohort", i.e., 2022-23 for the 2024-25 reporting year), and four-year institutions should report the 6-year outcome data for the most recently available cohort (i.e., 2019-20 for the 2024-25 reporting year).

Enrollment count should include all students whose initial enrollment was in the given base cohort year, including transfer students' first enrollment at the reporting institution. Subsequent persistence and graduation counts should be, of the initial enrollment count, how many students persisted or graduated. New transfer students should be assigned to their entry cohort, not their equivalent graduating class cohort (i.e., a transfer sophomore enrolling in 2022-23 should be in the 2022-23 cohort, not 2021-22).

PREPARING THE DATA

The tables below describe the information required in each of the data files.

UNDERGRADUATE AGGREGATE DATA

Field Name	Description	Length	Data Type	Position	Comment	Valid Entries	Format
OPE ID	Identification number used by the U.S. Department of Education's Office of Postsecondary Education (OPE). This is a 6-digit number followed by a 2-digit suffix used to identify branches, additional locations, and other entities that are part of the eligible institution.	8	Numeric	1-8	Required	Numbers 0 to 9	########
Blank		1	Filler	9	Blank		
Grant Program	Identifier for the program being reported on that students were awarded and paid. Students who changed between Cal Grant A and B should be reported by their initially awarded program. UC and CSU do not submit for Cal Grant C. Private institutions do not submit for Middle Class Scholarship.	1	Numeric	10	Required	0 = Either Cal Grant or MCS* 1 = Cal Grant A 2 = Cal Grant B 3 = Cal Grant C 4 = Students with Dependent Children Award 5 = Foster Youth Access Award 6 = Middle Class Scholarship *Students who received neither Cal Grant nor MCS should be counted as 0 for "Grant Program" and 0 for "(Years) Received."	#
Blank		1	Filler	11	Blank		
Enrollment, Persistence, or Graduation Metric	Which aggregate counts are being reported. Enrollment - The total count of the undergraduate student population with initial enrollment in the identified cohort year (see "Start Year (Cohort Year)" description). Persistence – Count of students from Enrollment that persisted to the subsequent academic year. For example, 2019-20 new and transfer students retained to 2020-21. 100% Graduation – Count of students from Enrollment that graduated in 100% time (2 years for 2-year institutions and 4 years for 4-year institutions). For example, 2019-20 new and transfer students who graduated in or before August 31, 2023 (end of 2022-23).	1	Numeric	12	Required	1 = Enrollment 2 = Persistence 3 = 100% Graduation 4 = 150% Graduation 5 = Transfer Out (CCC-only)	#

UNDERGRADUATE AGGREGATE DATA

Field Name	Description	Length	Data Type	Position	Comment	Valid Entries	Format
	150% Graduation – Count of students from Enrollment that graduated in 150% time (3 years for 2-year institutions and 6 years for 4-year institutions). For example, 2019-20 new and transfer students who graduated in or before August 31, 2025 (end of 2024-25). Transfer Out – Count of students from Enrollment that transferred from a CCC to four-year institution. [CCC-Only]						
Blank		1	Filler	13	Blank		
(Years) Received	Identifier for the number of academic years in which award was received. Note: Values 0, 1, 2, 3, and 4 should be reported for enrollment, graduation, and (if applicable) transfer out metrics. Persistence counts should only include values 0 and 1.	1	Numeric	14	Required	Enrollment and Graduation/Transfer Out: 0 = Did not receive aid 1 = 1 academic year 2 = 2 academic years 3 = 3 academic years 4 = 4 or more academic years Persistence: 0 = Did not receive aid 1 = Received aid	#
Blank		1	Filler	15	Blank		
Start Year (Cohort Year)	The cohort year being reported is denoted by two years separated by a hyphen. Example: 2019-20 For purposes of reporting enrollment data, a cohort is defined as the group of students who commenced attendance at the qualifying institution at any point during an academic year. The cohort's academic year is July 1 through June 30. For example, students enrolling between July 1, 2019 through June 30, 2020 represents the 2019-20 cohort. The cohort reported for two-year institutions should be three years prior to the reporting year (i.e., 2022-23 for the 2024-25 reporting		VarChar	16-22	Required	Numbers 0 to 9 - (hyphen)	####-## (CCYY-YY)

UNDERGRADUATE AGGREGATE DATA

Field Name	Description	Length	Data Type	Position	Comment	Valid Entries	Format
	year). The cohort reported for four-year institutions should be six years prior to the reporting year (i.e., 2019-20 for the 2024-25 reporting year). Once assigned to a cohort upon initial enrollment, the student remains in that cohort for the duration of his or her attendance at the institution, or until the student completes his or her program, certificate or degree. Students who withdraw prior to completion remain in the cohort enrollment and persistence counts. Transfer students are assigned to the cohort of their first enrollment in the reporting institution.						
Blank			Filler	23	Blank		
End Year (Reporting Year)	The reporting year is denoted by two years separated by a hyphen. Example: 2024-25 The reporting year is the year prior to the current academic year, representing six years of data for four-year cohorts and three years of data for two-year cohorts. For example, the data provided during the 2025-26 year (March 31, 2026 deadline) is for 2024-25.	7	VarChar	24-30	Required	Numbers 0 to 9 - (hyphen)	####-## (CCYY-YY)

JOB PLACEMENT DATA

For California Community Colleges (CCC), please refer to the California Community Colleges Chancellor'sCollege Wage Tracker. Job placement, salary and wage data is tracked here, where a report can be generated. Direct students to the data mart for CCC data on job placement.

Bureau for Private Postsecondary Education (BPPE) schools can submit a report to the Commission called the School Performance Fact Sheet, which can be obtained from their website (http://www.bppe.ca.gov/). Toview a sample of the School Performance Fact Sheet please visit BPPE's website (http://www.bppe.ca.gov/schools/pfs.pdf).

Schools that are not a CCC or subject to BPPE can choose one of these methods to submit this data, thoughmost choose the School Performance Fact Sheet.

All files must adhere to the file name specifications and the file name shall not exceed 32 characters includingthe file type extension.

Example: SB70_JP_12345678_2023-24.pdf

See other tables for reference and/or the Data Reporting (Senate Bill 70) Overview document.

Field Name	Length	Data Type	Description	Format
SB70	4	Char	Static Value	XXXX
File Type	2	Char	Static Value JP = Job Placement	XX
School ID	8	Integer	OPE ID - School Identifier	########
Academic Year	7	Integer	Academic Year	####-##

Job Placement data and School Performance Fact Sheets must be submitted to the Commission via email atcsacipa@csac.ca.gov.
